— GOLF CLUB —

THE FUTURE OF CANUNGRA AREA GOLF CLUB IS UNDER THREAT.

The Federal Government has announced plans to divest the land our club calls home — putting at risk a community facility that has supported locals, families, and Defence personnel for generations.

WHY THIS CLUB MATTERS

A valued community gathering place

Home to local sporting and social events

Supports local jobs and volunteers

Protects natural habitat including platypus along the Coomera River

Preserves local history and culturally significant sites
